# End of the Day Report - [03-04-2024]

**Summary:**

Today, I completed some tasks related to configuring URL redirection in React for URLs leading to product pages, ensuring a smooth user experience when navigating through different products on the website.

**Tasks Completed:**

- Configured redirection of URLs leading to product category.
- identified the problems causing misbehaviour of the authentication system and found solutions for it.

**Tasks In Progress:**

Task 1: Changing Brand Names.
